

MISA 210 Website Project Requirements Second Semester 2013/14 (10 Marks)

MISA 210 Website Project Requirements Second Semester 2013/14 (10 Marks) Please follow the instructions provided to you and upon completion, submit your completed project on CD or DVD to you instructor.

This project is a presentation of yourself (a CV or resume), giving the user a good understanding of who you are, what you like/dislike, when you were born, etc. You are free to choose any link name you desire, however, make sure it is simple and easy for the user to understand.

Instructions:

Task No	Instructions	Receive Mark	Actual Mark
1.	Draw a step-by-step diagram explaining the design process of your website by using a software (i.e. smart draw, Microsoft Visio, or Free and Open Software (FOSS))		1 Mark
2.	Prepare a one page CV (you can use this CV for your website)		1 Mark
3.	Create a website and Name it www."yourname".com , Using Adobe Dreamweaver CS4		1 Mark
4.	Create a webpage and name it "index" change several areas in the page to Editable Regions. Make sure you have on this page 4 different links.		2 Marks
5.	Convert the webpage to template		1 Mark
6.	From the template, create four (4) separate webpages, and give them names appropriately (i.e. About me, Home, etc.)		1 Mark
7.	Create a hyperlink between pages, allowing the user to see any page he/she wishes.		1 Mark
8.	Make changes on each webpage, to reflect each pages needs and requirements. (i.e. <Home> would have a picture of you, and maybe latest news, Brief review of your skills, etc.)		1 Mark
9.	Submit you project on the deadline (20th May 2014)		1 Mark
10.	Total		10 Marks
